

The background of the slide is a composite image. On the left, a hot air balloon is visible against a blue sky. On the right, the wing and tail of an airplane are shown in flight. The bottom of the image shows a silhouette of a mountain range. A large, semi-transparent white box with rounded corners is overlaid on the center of the image, containing the main text.

100% Virtual Consulting & Project Delivery

# Transition to a 100% virtual project with CAMELOT Approach & Collaboration Platform

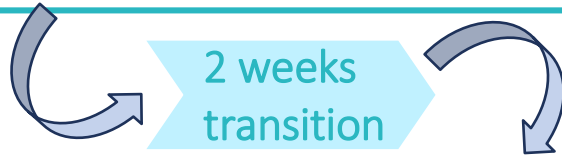

The virtual transition is independent of your current project phase

### CAMELOT VIRTUAL TRANSITION APPROACH

Only 2 weeks of virtual transition independent of ...

- ▶ project type (strategy, implementation, support, etc.)
- ▶ project status (in preparation, already running)
- ▶ project topic (SCM, data & analytics, logistics, finance, etc.)

### CAMELOT APPROACH FOR 100% VIRTUAL CONSULTING & PROJECT DELIVERY

- ▶ Proven methodologies and best practices depending on requirements and project activities
- ▶ Selected and best-fit technologies and tools per phase
- ▶ Virtual project work enablement and continuous support throughout the whole project by CAMELOT experts

We use a set of key methods and supporting tools which enable a 100% virtual project delivery tailored to your individual project scope and phase

Set-up of collaboration platform and project kick-off

Define future strategies and holistic concept

Design and build the future processes, organization & IT solution

Train users and perform integration and user acceptance tests

Perform cut-over and go-live supported by a solid hypercare
