From Innovations to Solutions. Camelot Innovative Technologies Lab is the leading SAP consulting company for digital value chain management. For more than 20 years, we have been accompanying our customers in their digital transformation. Our services range from strategic dialog with regard to current challenges in the digital world to the implementation of innovative solutions.

Young Professional Supply Chain Management (f/m/d)

What's your impact?

- ▶ From the beginning you will work in an international and interdisciplinary team in the area of "Digital Supply Chain".
- ▶ You will support with digital supply chain transformation and system integration of SCM solutions in on-premises as well as in cloud landscapes
- ▶ As you will have the chance to take over other project and leadership responsibilities across the group and develop your skills to support our visions by constantly learning, growing and innovating.
- ▶ You have the chance to work on latest technologies and innovations that have the power to transform the value chains of our clients forever.

What makes you the perfect fit?

- ▶ You are passionate about Supply Chain topics and ideally have first experience in the supply chain management environment
- ▶ You have successfully completed your Informatics or Business Studies with a high IT affinity
- ▶ Ideally you have first experience in consulting and implementation of projects in the supply chain management environment and have knowledge of relevant SAP applications (including IBP, APO and/or S/4HANA)
- ▶ You enjoy contributing your own ideas and driving innovation at the "Digital Frontrunner"
- ▶ Working in an international team appeals to you and confident communication in English is no problem for you (German is nice to have)

Locations: Cologne, Mannheim, Munich, Hamburg

Unsere Überzeugung: Triggering innovation by collaboration – this is our mission. Consultancy is people business and knowledge is key. That is why we value our employees as much as our clients. Together, we develop skills mutually matching our visions and ideas by constantly learning, growing, and innovating. CAMELOT colleagues take responsibility from the moment they join us. Entrepreneurial attitude is as important to us as strong teamwork, knowledge sharing and corporate social responsibility.
